\$14.00	\$59.57				
\$15.00	\$63.83				
\$16.00	\$68.09				
\$17.00	\$72.34				
\$18.00	\$76.60				
\$19.00	\$80.85				
\$20.00	\$85.11				

Calva is the source for all your milk replacer needs.

Calva milk replacers are technologically advanced and the most cost-effective way to raise calves. Calva milk replacers benefit you and your calves by:

-  Supporting your local dairy industry by using locally produced milk products as major ingredients.
-  Offering more options such as Deccox® or Bovatec® for Coccidiosis control, a variety of medication levels for scours control, or non-medicated so you can add supplements.
-  Using Calva milk replacer allows dairymen to sell all of their marketable milk which increases profits.
